I am looking for a person or two who could execute samples and/or very small scale production for my collection, Production Mode (could be one or several per order- I'm open to whatever works for the knitter).

I've attached photos of the first two styles that I have developed for your reference. Both use a thicker naturally dyed wool produced by a cooperative from Oaxaca, Mexico, appropriate for a bulky machine. The first design is also mixed with an elastic yarn via a punchcard machine. I didn't use a rib knitter for finishing, but would love that option if folks have access to one. I have patterns and samples for the base sizes, and can create patterns for the rest of the size run.

If you know anyone who might be interested in this type of work, I would love to connect with them. Thank you for your consideration!
