

InterKnit August 2007

## Start your engines it's field trip month!

Hope that all wanting to go have gotten their "paper work" in and car pool arrangements have been made where necessary. If not contact Valoria Simpson, I believe car pool leaves at 9 AM from the parking lot by Building K (Open House Building). See attached for last minute sign up and Call Diane McQueen asap.

**Your Editor will not be going this trip, I would be most grateful for input about the trip from anyone attending. This is input for the newsletter as well as our Program Committee**

**September 8<sup>th</sup> : Magic Cables** InterKnit member Elfrieda Armbrecht will be providing us with a program based on the afghan she's brought for show-n-tell awhile ago.

**October 13<sup>th</sup>: Lora Kinnan Seminar!** Lora Kinnan of Daisy Knits <http://www.daisyknits.com/index.html> is scheduled to speak.

**MORE Details to Come!**

**The Midwest Fiber & Folk Art Fair in Crystal Lake was time well spent! I don't believe I'm alone in saying so, as I ran into at least 10% of our club membership there! NO we didn't buy ALL the yarn! Please do mark it on your calendar for next year and let this be the first of many more to come!**

## **Club Notes: Please Welcome New Member**

Theresa Pacek see emailed/mailed newsletter for contact info.

Equipment used: Brother 930, 940, 965i, garter carriage, knit leader, DAK
