

The following is an excerpt from the Interknit home page:

Founded in the fall of 1995 Interknit Machine Knitting Guild was established for the support, education, and fellowship of machine knitters of all experience and expertise levels, regardless of the make or model of machine used. Interknit is not affiliated with any knit shop, and is self supporting, thanks to the talents and generosity of its members.

Interknit maintains its non-profit status by doing charity as well as educational events. In participating in these events we've created interest in our craft and our membership has grown as a result. This is why Interknit is partaking in the local event Fiber Fest as well as a national event Stitches. We are looking for knitted samples, labeled with owner, yarn used, machine type and if possible pattern used either MK or hand knitting adapted for MK. We're in most need of volunteers! A 2hr. shift goes quickly, if you can stockinet, increase, decrease and short row please come or just give our staff a break and pass out hand outs.

There will be no club meeting in July or September due to Fiber Fest OR the Stitches Midwest event. We will be meeting in Building K Room161 for August, October, November and December.
