

**InterKnit Machine Knitters Guild
May 2005 Newsletter**

May 14th is the next meeting: Officers are asked to arrive around 9 when the doors open. This is to tie up loose ends from our seminar and discuss issues for our Field Trip and Summer Project. Club meeting will start at 10.

Edgings! Will be our demo this month brought to us by Linda Korf. Mary Slattery needed to reschedule and will give her garter bar demo later. Thank you Linda for graciously stepping to fill in.

Pentel Fabric Fun: The search is still on and more info will be coming. For those who saw Iris Bishop demo this product and would like to try it, inquiries are being made. The Pentel Fabric Fun available in the US is like a pastel crayon and must be heat set. It doesn't appear to be the same user friendly water based product we saw that day. Some members are looking into a possible US equivalent product. We'll keep you posted on our findings.

Spring Cleaning? For those who've done some spring cleaning in their knitting supplies, please remember you can email me a list of things and we can easily add a "for sale" or "free to good home" listing to the newsletter.

Pat Hendrix will be having some eye surgery done so Rebecca Stewart will be filling in for her. We wish you well Pat!

My apologies for any errors or omissions, I somehow lost all my emails prior to May 1 so most of this is from memory.

Happy Mothers Day all!
