If not there already please add to our members list:

T. Simmons (see print newsletter or directory for contact info).

Your newsletter editor will demo machine cleaning. Those interested in having or being “walked through” the process are encouraged to bring their machines to the Open House.

Due to changes in your editor's professional and personal life I need to recruit reliable assistance in “publishing” the newsletter or be forced to give it up entirely. Anyone interested please email antique_kat_knits@yahoo.com.
