

InterKnit Machine Knitters Guild

September 2008 Newsletter

The Seminar is on Sept. 13 starts at 10am. Free for members \$25 fee for guests. The club will provide croissant sandwiches (turkey, beef, ham), potato salad, coleslaw, and chips for a **maximum** cost per person of \$7.00. It would be nice if a few of you would volunteer to bring dessert. **Please email C. Scott if you would like the provided lunch, otherwise we will assume you will bring your own.** You can pay at the seminar. Also let Carol know if you would be willing to bring a dessert.

OPEN HOUSE! Knitters are needed! We are encouraging people to sign up in pairs so not everyone has to bring in a machine. No special demos need to be planned unless you choose to, it's great time to do charity knits, try out different SABLE yarns in swatches if you like. There'll be enough knitters to handle any Q&A you're not sure about. We just need our volunteers to chime in so as to plan the layout for tables needed, electrical outlet use as well as vendors.

Contact: V. Simpson (see directory for email address)

OIL, Black Gold.... A discussion came up at the last meeting about what oil to use, most of us are always looking for good sources or products to use. Leading that topic was a "sports store" called Cabela's and the product: Hoppes" Elite Gun Oil. A similar listing at Bass Pro for this product.

From Cindy's Knitting Room if anyone is still interested in the **Iris Bishop** seminar in Princeton, MN. There are still a few openings. Please register by Sept 10 so the final plans for the two days can be made.

If you have not gotten the information and are interested please e-mail Cindy cschmatz@nsatel.net.

InterKnit also would like to welcome our newest members:

(see directory or printed newsletter for contact info)

Brudnicki, J. Melrose Park, IL
Equip. Brother 970, 940 and Bulky

Triggs, T. Naperville, IL Equip. Passap Vario Big

Wild, K. Naperville, IL 60565
Equip. Electroknit, KH965i
